## CashView

**Everyday Financial stuff made easy**

- Simplify and Automate Invoices, Bills, and Payments
- Store all Financial Documents and Transactions Together
- Predict, Plan and Manage Cashflow

**CEO Letter**

Welcome!  
Thank you for checking out the CashView website. As a fourth generation entrepreneur, I grew up learning from my dad and grandfather that business is personal in every way...

**Our Solution**

CashView is an affordable, online service to automate your day-to-day financial needs:

- Send Invoices & Reminders, & Get Paid
- Receive & Pay Bills
- Track Payments & Receipts
- Store Everything in One Place
- Access from Anywhere
- View & Project Cashflow
- Actively Manage your Money

**BEST FOR**

## Best For Monitoring Your Cash Flow

CASHVIEW.COM SCREENSHOT

**What it is:** A new Web-based application that includes a dashboard that tracks receivables and payables in a calendar format.

**What's cool:** CashView gives you a clear view of your cash flow at a glance, monitoring expected receivables and likely expenditures (such as payroll).

**Drawbacks:** So far, CashView integrates only with QuickBooks.

**Price:** \$1 per document stored
